4p27 = Issue 4 Page 27

Op31 = Preview Issue page 31

s2p5-7 = Special Issue 2 pages 5 to 7

Articles (3+ pages) are in **bold**.

Short contributions are in plain font.

Colour illustrations are in *Italics*.

1962 Booklet - Want to run a railway?: 26p58,

Accidents & Incidents

See Special Issue No. 8 - The Other Side of the Southern for many Accidents, Incidents & Occasions.

See also War Damage Locations (below).

See Locomotives - Locomotive Fires (external).

See 12p30 for recollections of a Three Bridges signalman.

See **11p7** for some additional accidents and incidents in North Devon during L&SWR days.

See also Traffic Conference Minutes (below) for summary lists of train accidents and irregularities.

Addiscombe to Corbetts Lane in 1932, runaway goods train (for 11 miles): 33p12-13,

Addlestone in 1938, EMU colloded with a car driven into level crossing gates by a drunken driver: 28p65,

Addlestone in 1966, diesel loco overturned when it overran a siding: s8p6-7,

Andover in 1907 or 08, level crossing gated demolished due to a train passing a signal at danger: 19p97,

Andover Town in 1883, locomotive derailment due to point not thrown fully over: 19p97,

Andover Town in 1903, damage narrowly avoided from runaway goods wagons due to a broken coupling:
19p97,

Angmering (near) in 1937, a 'jim crow' was left fouling a running line, causing a derailment: 19p76-77,

Ashford (Kent) in 1930, collision of a light engine with empty stock due to a misreading of signals: 23p89,

Axminster in 1930, fire in a goods van probably due to a locomotive spark in Honiton tunnel: 23p92,

Aylesford (near) in 1930, train struck a cow on the line: 23p91,

Balham Intermediate in 1938, EMU passed a signal at danger: 28p64,

Barham in 1962, EMU mounted platform and overturned due to a stray washer in point motor circuit: **s8p11**,

Barnes in 1955, collision and fire due to signalman error: **s8p8**,

Basingstoke in 1858, collision due to passing a signal at danger: 3p15,

Basingstoke during 1904-1920, mention of ten accidents or incidents: 5p35-37,

Basingstoke in the 1920s, broken telegraph pole due to freak weather: 21p40,

Basingstoke in 1922, damage to locomotive due to fallen milk churns: 9p31,

Basingstoke in 1925, two collisions due to passing signals at danger: 9p31,

Battersea Park in 1937, collision due to signalman error: 29p82,

Bermondsey in 1899, collision in fog due to passing a signal at danger: s8p16-17,
Betchworth in 1938, minor fire in a goods wagon: 28p65,
Borough Market Junction in 1960, triple EMU collision due to passing a signal at danger: **s8p18**,
Botley in 1962, train fire, cause uncertain: **0p90**, 3p91, s10p73,
Bournemouth in 1939, a failed hornguide: s10p71,
Bournemouth Central in 1938, collision due to the signalman forgetting that he left a push-pull set on a running line: 28p60,
Bournemouth Central in 1955, collision due to passing a signal at danger: **13p61**,
Bournemouth Central in 1958, locomotive spurious derailment on points: s8p21,
Bournemouth Central in 1961, train overran the platform trap points: s8p22,
Bournemouth West in 1956, collision and station damage due to runaway coaches: 22p55, **s8p23**,
Bridestowe in 1930: Ballast train derailment: 23p89,
Brighton goods yard in 1930, fire in a lime wagon due to rain water leaking through poorly secured sheet: 23p92,
Brighton station in 1933, collision with empty stock in platform due to driver failing to stop in time: s8p51,
Brighton in 1938, EMU passed a signal at danger: 28p63,
Brighton in 1965, EMU collision: 30p22,

Calstock (near) in 1930, train struck a cow on the line: 23p91,
Calstock in 1938, derailment when the signalman operated a point before the train was clear: 28p61,
Cannon Street in 1957, signal box fire: **21p91**,
Canterbury East in 1938, line blocked by tree being felled in adjacent field: 28p65,
Canterbury West in 1930, coach derailment due to signalman error: 23p89,
Cements Mills, train ran into cement lorry which had stalled on level crossing: 32p18,
Charing Cross in 1938, locomotive hit bufferstop due to bad driver judgement: 28p62,
Chiselhurst Tunnel in SER days, navy run over: 13p110,
Clapham Junction in 1938, derailment on catch point when the signalman gave an incorrect signal to proceed.: 28p60,
Clapham Junction in 1938, collision due to a pointsman failing to check that there was no conflicting movement: 28p60,
Clapham Junction in 1957, 2 coaches telescoped during shunting: 28p62,
Clapham Junction in 1965, partial collapse of 'A' signal box bridge: **7p42**, 31p109,
Clapham Junction in 1966, derailment of electric locomotive: 2p69,
Clapham Junction (near) in 1988, memorial to collision due to a faulty colour-light signal: 22p20,
Claygate (near) in 1930, train struck sheep on the line: 23p91,

Cocking in 1951, locomotive fell into river due to major flood washing away bridge abutments: **s8p29**,

Crewkerne in 1953, locomotive (MN) broken axle: 4p75,

Crowthorne in 1930, fire in a goods wagon due to a locomotive spark: 23p92,

Crowthorne in 1966, derailment: 2p68,

Dartmoor in 1962, snowbound locomotive: 10p70-71,

Denville Junction (Havant) in 1939, collision between EMUs: 30p21,

Drayton Crossing in 1963, collision of EMUs: 30p21,

East Croydon in 1938, minor fire in EMU gangway connection: 28p64,

Eastleigh in 1953, damage to the side of a class 700: *s10p72*,

Eastleigh East Yard in 1959, wagon spurious derailment: s8p33,

Eastleigh Yard in 1960, coupling lock and damaged buffer stop when a diesel shunter overran the siding: *s10p80-81*,

Eastleigh MPD in 1955, locomotive derailment due to running through trap points: s8p32,

Eastleigh station in 1966, collision due to signalman error: 2p68,

Edenbridge in 1852, derailment due to a Crampton ashpan hitting a wagon level crossing rail: 32p64-66,

Elmers End in 1933, EMU hit buffers due to motorman error: s8p51,

Erith in 1930, collision of two road vehicles on road bridge causing a car to fall onto the line: 23p91,

Erith in 1938, wagon derailment and damage: 28p60,

Exmouth Junction in 1928, shunting derailment due to passing a ground signal at danger: 15p59,

Farnborough-Fleet in 1926, collision due to passing a signal at danger: **s8p34**,

Farningham Road in SR days, 3 derailments due to fractured wheelset/ unknown cause/ runaway wagons: 24p102-103,

Farningham Viaduct in 1902, collision due to a goods train broken coupling, two identical accidents a few weeks apart: 20p52,

Faversham (near) in 1959, E5000 pantograph went up spurious and hit a bridge: 12p65,

Fishbourne Crossing in 1956, an H15 ran through shunting neck into a private garden: *s10p74-77*,

Fleet (near) in 1926, passenger train ran into the back of a milk train: 33p9,

Fleet in 1938, minor fire in gangway of Bournemouth restaurant car: 28p64,

Ford in 1951, collision due to stationary train exceeding platform length: **10p72**,

Forest Row in 1954, train ran through sand drag after running too fast down bank: **s8p38**,

Forest Row ca 1960, empty stock reversing onto siding hit the buffers and derailed: 31p87,

Forest Row in 1963, diesel loco passed a signal at danger and derailed in the sand trap: 31p88,

Fort Brockenhurst in 1938, push-pull train damaged due to level crossing gates not fully opened in time: 28p65,

Fratton in 1966, collision between an EMU and a van train: 30p 20,

Fratton Depot in 1971, collision of EMUs: 30p19,

Gatwick Racecourse in 1938, empty stock passed a signal at danger: 28p64,

Gillingham (Dorset) in 1930, wagon derailments: 23p89,

Gillingham (Dorset) in 1955, All couling rods failed on a MN: *s10p70*,

Gomshall in 1904, derailment on points due to running too fast: s8p44-45,

Gomshall & Shere in 1943, run through sand drag: s3p26-27,

Gomshall & Shere in 1944, train fire and ammunition explosion: s5p100-101,

Grove Park (north of) in 1967, derailment due to a broken rail: 21p25-26,

Guildford during 1931-34, record of First Aid given to five people: 6p89,

Guildford, EMU ran through buffers: s8p102,

Halwill Junction in 1944, locomotive ran through buffers due to signalman error: **s8p46**,

Halwill Junction in 1944, locomotive overturned due to enemy action: 27p15,

Hastings in 1957, locomotive passed a signal at danger and side-swiped an EMU: 31p76-77, 3p44-45,

Haywards Heath in 1921, flying debris: **4p28**,

Haywards Heath in 1938, EMU passed a signal at danger: 28p64,

Hither Green in 1960, run through buffers due to driver error: **s8p52**,

Honiton (near), broken train windows due to detachment of *Devon Belle* plaque from loco wingplate: s8p32,

Hoo to Higham, derailed wagon damaged 1000 chairs: 33p11-12,

Horam in 1938, Eastbbourne train passed a signal at danger: 28p64,

Horley, EMU derailment due to signalman operating a point before the train was clear: s8p102,

Horsham in 1957, run through buffers: 10p26-27,

Itchen Abbas c1954, locomotive failure due to a broken tyre: s8p56-57,

Jacking Devices: s10p,

Kent (much of) in 1988, snow drifts disrupted services: 33p48,

Kings Ferry Bridge, closure of line due to bridge damage: 14p85, 16p90,

Kingston Bridge in 1888: head-on collision due to a signalman sending a train across on the wrong line: 19p15,

Lagging Fires (unspecific) on Bulleid Pacifics: s10p85,
Lewes in 1960, major flooding of line: 12p40-43,
Littlehampton in 1920, run through buffers due to brake hose being connected incorrectly: s8p58-59,
Liphook (near) in 1930, fire in leading coach gangway due to a locomotive spark: 23p92,
Loco Junction in 1938, loco passed a signal at danger: 28p63,
London Bridge in LB&SCR Days, ran through buffer stops: 32p6,
London Bridge in 1927, Brighton van train wrongly routed onto SER main line: 15p57,
London Bridge in 1948, run through buffers: **6p22**,
London Bridge in 1953, collision between EMUs (there are no official records): s8p60,
London Road, Guildford in 1971, EMU damage after becoming divided: 30p21,
Lordship Lane (near) during WW2, dead fox lying across third rail: 16p90,
Lovers Walk in 1964, collision of EMUs: 30p9,
Lovers Walk in 1972, EMU damage due to a derailment: 30p15,
Lyme Regis in 1930, locomotive derailment due to a track defect: 23p89,

Maze Hill in 1930, flooding of the line due to heavy rain towards Westcombe Park and Greenwich: 23p91,
Maze Hill in 1958, head-on collision due to passing a signal at danger: **s8p60**,
Merstham in 1949, EMU damaged by buckled rail derailment: 30p22,
Micheldever in 1966, locomotive grounded due to running through catch point: 2p69,
Midhurst (near) in 1904, spurious derailment: **s8p64**,
Midhurst, push-pull train started without a driver until the guard applied the emergency brake: 18p54,
Midhurst in 1944, runaway transporter bogie vehicles due to no Westinghouse brakes on locos: 18p56,
Millbrook (near) in 1958, derailment due to a defective point: 8p52,
Motspur Park Junction in 1947, a fog signalman wrongly exhibited a green light: 29p71,

New Cross in 1923, head-on collision (Met. EMU with LNER loco) due to signalman error: s8p72-73,
New Cross in 1930, flooding of the line due to heavy rain towards St Johns; 23p91,
New Cross in 1938, East London EMU hit the buffer stop: 28p60,
New Cross Gate in 1962, collision between EMUs,: 30p
New Milton in 1945, LN firebox explosion due to low water level and faulty fusible plugs: **17p16**,
Northfleet in 1930: collision of a ballast train with a goods train during single line working: 23p89,
North Kent in 1953, major flooding and erosion of permanent way: **13p70**, 17p75-76,
North Kent East Junction in 1930, train passed a signal at danger: v91,
Norwood Junction in 1938, EMU passed a signal at danger: 28p63,

Oakley, LN fusible plugs blew due to blocked gauge glass: 17p105-106,
Orpington in 1938, EMU came into contact with bay platform: 28p63,

Parks Bridge in 1938, derailment of LNER bogie wagon due to load shifting (not securely fastened): 28p60,
Penge West in 1938, locomotive passed a signal at danger: 28p63,
Pluckley in 1930, train passed a signal at danger: 23p91,
Polhill (south of tunnel) in 1927, derailment of River class due to locomotive instability: 21p24,
Portslade in 1938, EMU passed a signal at danger: 28p63,
Purley North in 1938, EMU passed a signal at danger: 28p64,

Queens Road (Battersea) EMU passed a signal at danger: 28p63,

Ramsgate Town in SE&CR days, run through buffers: 1p16,
Reading South in 1954, derailment of an S15: *s10p78*,
Redhill in 1930, fire in a goods wagon probably due to a locomotive spark: 23p95,
Richborough, collision due to runaway coal train: 33p11,
Robertsbridge goods yard in 1930, fire in a wagon probably due to a locomotive spark: 23p92,
Rotherhithe Road in 1951, collision due to a runaway locomotive: s8p2-3,
Ryde Pier Head in 1928, petrol railcar skidded into buffer stops: 27p8,
Ryde Pier Head in 1965, spurious locomotive derailment: s8p74,

St Denys in 1959, run through trap points due to passing a signal at danger: s8p75,
St Johns in 1897, collision in fog due to signalman error: s8p76-77,
St Johns in 1930, train passed a signal at danger: 23p91,
St Johns in 1957, collision in fog and bridge collapse due to passing signals at danger: 7p106, **8p34**,
21p24-27,
Salisbury in 1938, derailment due to signalman operating a point before the train was clear: 28p62,
Salisbury in 1968, overturned petrol tanker: *s10p79*,
Star Level Crossing (near Rye) in 1930, ballast train struck the gates: 23p91,
Selhurst Depot in 1970, EMU ran away into a wall: 30p10,
Sevenoaks in 1884, collision due to a confused signalman: 21p24,
Sevenoaks in 1927, derailment and collision with bridge: 7p66-67, 13p47-50, 21p24, 23p102,
Shakespeare Cliff in 1939, major chalk fall: **8p58**,
Shalford in 1944, collision and train fire of aviation fuel: s5p100,

Shawford in 1952, loco ran through sand drag and overturned due to passing a signal at danger: **s8p78**,

Sidcup in 1926, fire in Station Master's house: 12p32,

Slades Green to Cannon Street in 1933, EMU coach ran without brakes due to failure to test properly: s8p51,

Small Bridge (near Goudhurst) in 1938, gate damage from passing train due to gates not being properly locked by gatekeeper's wife: 28p65,

Sole Street (near) in 1936, collision with a PW trolley due to ganger error, 21p87,

Southampton Docks in 1950, derailment of BB locomotive on too tight a curve: s8p83-84,

Southampton Docks in 1962, derailment of E4 tank: 31p60,

Southampton Terminus in 1936, derailment due to passing signal at danger: 21p87,

Southampton (Town Quay) in 1950, locomotive spurious derailment: s8p82,

Southampton tunnel: guard broke his back when train started with a jolt: 11p67,

South Croydon in 1947, rear end collision in fog due to signalman error: 19p74, s8p85-86,

Staines in 1957, collision due to passing a signal at danger: s8p87-88,

Stewarts Lane in 1937, fatality to a sandman after burning his foot which became gengrenous: 28p60,

Stoke Junction in 1938, line blocked for 2 days due to gale damage: 28p65,

Strawberry Hill in 1921, crane derailment: 17p56,

Strawberry Hill in 1938, collision due to porter failing to operate a point into a siding: 28p62,

Streatham Hill in 1969, collision between EMUs: 30p20,

Strawberry Hill EMU depot in 1970, EMU derailment: *s10p82*,

Streatham (near) in 1938, fire in cable toughing: 28p64,

Streatham Hill in 1960: 2-BIL ran away into bay buffer stop,

Strood in 1938, tunnel flooded due to River Medway overflowing: 28p65,

Swanley in 1937, collision: 17p59,

Swanley (near) in 1938, major fire in coach from Minster, 2 coaches destroyed, ground frame and passing wagons damaged: 28p64,

Tangley level crossing in 1938 (Redhill - Reading line), gates damaged by freight train which passed a signal at danger: 28p65,

Tattenham Corner in 1993, EMU overran the buffers and demolished the station building: 19p71&105,

Three Bridges on 1938, EMU passed a signal at danger: 28p63,

Tipton Yard in 1962, locomotive derailment: 17p58,

Vauxhall (near) in 1938, PW hut destroyed by fire: 28p64,

Victoria (LB&SCR) in 1936, coach derailment due to a broken axle: 21p88,

Victoria (LC&DR) in 1949, collision due to passing a signal at danger: **3p26**, 5p48,

Waddon (near) in 1938, telegraph wires severed by aircraft making an emergency landing: 28p65,
Wallers Ash (near Redbridge) in 1966, run through buffers: 2p69,
Wallers Ash (near Winchester) in 1946, run through sand drag: s8p89-90,
Walton in 1938, fright train passed a signal at danger: 28p63,
Walton in 1938, Bournemouth train passed a signal at danger: 28p64,
Walworth Dust Sidings in 1930, wagong derailment due to buffer locking: 23p89,
Wansford in 1978, EMU damaged by fire: 30p10,
Waterloo (L&SWR) in 1930, derailment of locomotive and leading coach due to a worn driving wheel not being reported: 23p89-90,
Waterloo & City Line in 1927, broken axle in tunnel: 33p9,
Waterloo (L&SWR) in 1933, EMU depressed hydraulic buffers due to motorman error: s8p51,
Waterloo (L&SWR) in 1936, train overran buffers due to driver error, 21p88,
Waterloo (L&SWR) in 1939, EMU ran into buffer stop: 29pp111, 30p15
Waterloo (L&SWR) in 1947, locomotive ran into stationary EMU already in platform: s8p91-94,
Waterloo (L&SWR) in 1960, collision due to passing a signal at danger: s8p95,
Waterloo in 1960, collision between an EMU and steam stock: 30p17,
Waterloo-Vauxhall in 1966, head-on collision: 2p68, s8p1&96,
West Croydon in 1902 or 1922, collision between goods and passenger trains: s8p97-98,
West London Junction in 1930, derailment of empty stock due to mismanagement of points by the signalman: 23p89,
West Norwood in 1938, tree blown down over railway lines: 28p65,
White Hart level crossing (near Barnes) in 1933, motor car ran through gates and damaged a passing train: s8p77,
Whitstable (near) in 1930, fire in two goods wagons probably due to locomotive sparks: 23p92,
Wimbledon in 1927, collision with a District Line train: 33p9,
Wimbledon in 1930, train passed a signal at danger: 23p91,
Wimbledon in 1952, derailed and damaged locomotive, details unknown: s8p99,
Wimbledon yard, heavy crane collapse due to lack of a tail weight: s3p29,
Wimbledon Park in 1945, collision between EMUs: 29p111,
Wimbledon Park in 1966, collision between EMUs: 30p20,
Wimbledon Park in 1968, collision between EMUs: 30p25,
Wimbledon Park in 1969, 'side scrape': 30p18,
Wimple in 1942, MN Cunard White Star shot-up by enemy action: 27p14,
Windmill Bridge Junction (near Croydon) in 1922, derailment due to passing a signal at danger: s8p100,

Withyham ca 1960, fireman lost the single line token: 31p87,
Wivelsfield in 1938, EMU passed a signal at danger: 28p63,
Woking in 1938, EMU passed a signal at danger: 28p63,
Woking in 1955, EMU hit by a steam train: 30p22,
Woking in 1968, EMU in collision with vans: 30p22,
Wokingham in 1941, locomotive derailment: s3p25,
Wootton in 1927, single line working due to snow: 33p9,
